Firearms Safety:

***What would you do if you found a firearm?
What should you teach your children?***

Travis Roy

Dave White

Join retired Police Sergeant and experienced firearms instructor Travis Roy and Old Town Police Chief Dave White for a straightforward, no-nonsense conversation about civilian firearms safety. Together, Travis and Chief White will draw on years of real-world experience to discuss the things every firearm owner—and every member of the community—should know. Topics will include safe handling and storage, preventing unauthorized access, children and firearms, transportation, responsible ownership, situational awareness, and how to respond when you encounter a firearm unexpectedly. Whether you own firearms, are considering becoming a firearm owner, have firearms in your home, or simply want to be better prepared, this conversation is for you.

***Come with questions.
Leave with knowledge that could
make a difference.***
